

Dear Hiring Manager,

With a PhD in Mathematics and extensive experience in AI and machine learning development, I am confident in my ability to contribute to your team. My experience includes creating unified data formats, designing ML models for financial applications at Finzor Ltd., and employing NLP techniques in various projects. My strong Python programming skills and familiarity with TensorFlow, PyTorch, and Scikit-learn support my ability to design and optimize AI models for your invoice reconciliation process.

Best regards, Itay Ben-Dan

Best regards,
