Dear Hiring Manager,

I am writing to express my interest in the AI Developer position. With a Ph.D. in Mathematics and over six years of experience in machine learning and data engineering, I have successfully developed predictive models and integrated diverse data sources, such as in my role as a Consultant and at Finzor Ltd. My skills in Python, TensorFlow, and NLP techniques, combined with a strong understanding of financial systems, make me well-suited to automate and unify invoice reconciliation processes as described.

Best regards, Itay Ben-Dan

Best regards,

Itay Ben-Dan
